TECHNICAL SKILLS

Python | Javascript | React | SQL | TypeScript | Redux | HTML | CSS

TECHNICAL PROJECTS

Fallen Soldier Memorial Website - [Github](#) | [Demo](#)

A project where users can commit to do a good deed in memory of a soldier who has fallen in the Iron Swords War.

- Used an Express server for the backend for a quick asynchronous server.
- Used React with Typescript for the frontend, for quick renders.
- Used mailersend to send confirmation email for those that opted in.
